SUMMARY

React.js | Node.js | Next.js | Azure | TypeScript

A Full Stack Developer with 4+ years of experience developing scalable MERN stack applications. Adept at leading teams, architecting robust solutions, and accelerating product delivery by leveraging modern AI tools.

SKILLS

- Frontend Technologies: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Redux, Zustand, Context API, Tailwind, SASS, Bootstrap, Material UI, ShadCN, Radix UI, Ant Design.
- Backend & Database: Node.js, Express.js, REST APIs, GraphQL, MongoDB, SQL, Cosmos DB, AJAX.
- Tools & DevOps: Git, GitHub, Docker, Azure DevOps, Postman, Vite, Webpack, Playwright, Jest.

WORK EXPERIENCE

Team Lead Mar 2025 – Present

Aress Software

- Architected and deployed scalable MERN stack applications serving 50K+ users, enhancing system performance by 40% through optimized MongoDB queries and React component tuning.
- Built responsive, pixel-perfect user interfaces using React.js and Redux, leading to a 35% increase in traffic.
- Developed robust **full-stack solutions** with **Node.js** and **MongoDB**, implemented **data validation** and **security measures** that boosted reliability by **40**%.
- Enhanced front-end performance with code splitting and lazy loading, reducing bundle size by 30%.
- Mentored junior developers, introduced pair programming, optimized CI/CD with Git workflows, reducing merge conflicts by 40% and accelerating feature delivery by 6 weeks through AI-assisted development tools.

Senior Software Engineer

Sep 2023 – Feb 2025

Aress Software

- Developed and maintained reusable React components, reducing UI development time by 35%.
- Created Redux middleware and optimized API calls, improving front-end performance by 15%.
- Integrated RESTful APIs with Express.js and MongoDB, enhancing data consistency by 50%.

Software Engineer

Aug 2021 - Sep 2023

Capgemini

- Built modular React.js components for ensuring UI consistency, increasing user engagement by 20%.
- Integrated RESTful APIs and refactored legacy code, boosting data accuracy and performance by 30%.
- Debugged critical issues in React and Node.js apps, improving uptime and system stability by 25%.

EDUCATION

Bachelor of Engineering in Information Technology

2017 - 2021

D.Y. Patil College of Engineering

Pune, India

HONORS AND CERTIFICATIONS

- Best Performer 2024, Aress Software. Promoted to youngest Team Lead in organization, leading 6 devs.
- Microsoft Certified: Azure Administrator Associate (AZ-104).
